Description

Unlock the potential of the Breston HV16-80 Store loader, built in 2023, a durable solution designed to optimize material handling operations. Featuring a length of 16m and a belt width of 80cm, this store loader offers a robust capacity of 125TPH, catering to the needs of various industries. From transporting crops such as potatoes, onions, and carrots in agriculture to handling industrial materials like coal and ores, this versatile store loader ensures efficient operations with its flexible swivel and drive modes.
