MIEDEMA

Miedema MH241-DVB Receiving hopper

€73.950

Description

The Miedema MH241-DVB Receiving hopper is a cutting-edge solution designed for efficient bulk handling operations. Manufactured in 2022 and meticulously maintained, this Used receiving hopper features a spacious floor width of 240cm and floor length of 5.5m. Outfitted with 8 Smooth rollers, it is optimized to handle a variety of agricultural materials with precision. Built to streamline the transfer of materials from low supply points, it integrates seamlessly with conveyor belts, dual belts, or storage loaders, offering versatile operational flexibility. From initial unloading to final processing, the Miedema MH241-DVB Receiving hopper enhances the bulk handling process. Products from the field are efficiently fed into the hopper, processed through a soil separating module to ensure thorough cleaning, thus maximizing efficiency and reducing waste. Perfect for diverse industries and applications, the Miedema MH241-DVB Receiving hopper ensures reliability, efficiency, and precision in every task. Upgrade your operations today with the advanced and high-performing Miedema MH241-DVB Receiving hopper.

Specifications

Make	Miedema
Condition	Used
Type of rollers	Smooth rollers
Capacity Control Sensors	Yes
Presentation belt	Yes

Features

- | | |
|------------------------------------|----------------------|
| ✓ Variable belt speed | ✓ Presentation belt |
| ✓ Variable speed intermediate belt | ✓ MH-Control |
| ✓ Start-stop control | ✓ Frequency inverter |
