

BRESTON

Breston NB5-120 Dosing bunker

€36.350

Description

Experience the efficiency of the Breston NB5-120 Dosing bunker, a heavy-duty solution tailored for seamless bulk material intake across diverse industries. Engineered with robust construction, it effortlessly handles various bulk products, catering to transshipment, recycling, and agribulk terminals like grain storage facilities. Designed to handle grain, coffee beans, cocoa beans, wood pellets, sand, gravel, and soil, it's indispensable for processing and storage systems. Ideal for truck unloading, it also accommodates wheel loaders or cranes for flexible material transfer. With a floor length of 4.5m and a width of 120cm, it delivers a substantial capacity of approximately 500TPH. Its standout feature allows direct connection to one of our mobile shiploaders, ensuring effortless high-capacity unloading of trucks. Elevate your operations with the Breston NB5-120 Dosing bunker today!

Specifications

Make	Breston
Condition	New
Plug	32A-5P
Dosing gate	No
Capacity control	No
Floor speed	Variable

Features

✔ Variable belt speed

✔ Start-stop control
