Description

Elevate your bulk material handling with the Breston NB10-250A Dosing bunker, a heavy-duty receiving hopper designed to optimize efficiency across diverse industries. Engineered with robust construction, it can reliably handle various bulk products, making it a valuable asset for transshipment, recycling, and agribulk terminals such as grain storage facilities. From grain, coffee beans, cocoa beans, wood pellets, sand, gravel, to soil, this hopper accommodates a wide range of materials, essential for processing and storage systems. Tailored for truck unloading, the Breston NB10-250A Dosing bunker also supports material transfer via wheel loaders or cranes. With a floor length of 5m and a width of 250cm, it boasts a substantial capacity of approximately 350TPH. Equipped with a cross conveyor at the end, it offers flexible material discharge to the left or right, seamlessly integrating with conveyor or shiploader systems. Revolutionize your material handling operations with the Breston NB10-250A Dosing bunker today!

Specifications

Make	Breston
Condition	Used
Plug	32A-5P
Dosing gate	Yes
Capacity control	Yes
Floor speed	Variable
Cross conveyor motor	1 speed
Adjustable height cross conveyor	Yes

Features

- Variable belt speed
- Start-stop control
- Dosing gate
- Cable hook
- Retractable tow bar
- Frequency inverter
- Adjustable height cross conveyor
