# Breston NB10-250K Dosing bunker

€82.500

**PHOTOS COMING SOON**

## Description

---

Elevate your bulk material handling with the Breston NB10-250K Dosing bunker, a heavy-duty receiving hopper designed to optimize efficiency across diverse industries. Engineered with robust construction, it can reliably handle various bulk products, making it a valuable asset for transshipment, recycling, and agribulk terminals such as grain storage facilities. From grain, coffee beans, cocoa beans, wood pellets, sand, gravel, to soil, this hopper accommodates a wide range of materials, essential for processing and storage systems. Tailored for truck unloading, the Breston NB10-250K Dosing bunker also supports material transfer via wheel loaders or cranes. With a floor length of 10m and a width of 250cm, it boasts a substantial capacity of approximately 350TPH. Equipped with a cross conveyor at the end, it offers flexible material discharge to the left or right, seamlessly integrating with conveyor or shiploader systems. Revolutionize your material handling operations with the Breston NB10-250K Dosing bunker today!

## Specifications

---

<b>Make</b>	Breston
<b>Condition</b>	Used
<b>Plug</b>	32A-5P
<b>Dosing gate</b>	Yes
<b>Capacity control</b>	Yes
<b>Floor speed</b>	Variable
<b>Cross conveyor motor</b>	1 speed
<b>Adjustable height cross conveyor</b>	Yes
