VAN TRIER

Van Trier HB420-120 Dosing bunker

€0

Description

Unlock the efficiency of the Van Trier HB420-120 Dosing bunker, a heavy-duty solution crafted for seamless bulk material intake in various industries. Engineered with robust construction, it can handle almost all sorts of bulk products with ease, making it indispensable for transshipment, recycling, and agribulk terminals such as grain storage facilities. Designed to handle a wide range of materials including grain, coffee beans, cocoa beans, wood pellets, sand, gravel, and soil, this hopper is an essential component for processing and storage systems. Perfectly suited for truck unloading, the Van Trier HB420-120 Dosing bunker also accommodates wheel loaders or cranes for flexible material transfer. Featuring a floor length of 4.5m and a width of 120cm, it boasts a robust capacity of approximately 500TPH. Its unique feature allows for direct connection to one of our mobile shiploaders, enabling easy high-capacity unloading of trucks. Elevate your efficiency with the Van Trier HB420-120 Dosing bunker today!

Specifications

Make	Van Trier
Condition	New
Plug	32A-5P
Dosing gate	No
Capacity control	No
Floor speed	Variable

Features

✔ Variable belt speed

✔ Start-stop control
