## Breston NB5-250 Receiving hopper

€0

## Description

---

The Breston NB5-250 Receiving hopper is a cutting-edge solution designed for efficient bulk handling operations. Manufactured in 2025 and meticulously maintained, this New receiving hopper features a spacious floor width of 250cm and floor length of 5m. Outfitted with 8 Smooth rollers, it is optimized to handle a variety of agricultural materials with precision. Built to streamline the transfer of materials from low supply points, it integrates seamlessly with conveyor belts, dual belts, or storage loaders, offering versatile operational flexibility. From initial unloading to final processing, the Breston NB5-250 Receiving hopper enhances the bulk handling process. Products from the field are efficiently fed into the hopper, processed through a soil separating module to ensure thorough cleaning, thus maximizing efficiency and reducing waste. Perfect for diverse industries and applications, the Breston NB5-250 Receiving hopper ensures reliability, efficiency, and precision in every task. Upgrade your operations today with the advanced and high-performing Breston NB5-250 Receiving hopper.

## Specifications

---

|                                 |                |
|---------------------------------|----------------|
| <b>Make</b>                     | Breston        |
| <b>Condition</b>                | New            |
| <b>Type of rollers</b>          | Smooth rollers |
| <b>Capacity Control Sensors</b> | Yes            |
| <b>Container doors</b>          | No             |
| <b>Double rubber flap</b>       | No             |
| <b>Variable input board</b>     | No             |
| <b>CleanBoost</b>               | No             |
| <b>Flow-Pin</b>                 | No             |
| <b>Smart-Pin</b>                | No             |
| <b>Presentation belt</b>        | No             |
