Description

Miedema Dewulf MB34 Box filler: Your Agricultural Box Filling Solution The Miedema Dewulf MB34 Box filler is tailored for agricultural producers, offering seamless and efficient box filling operations for potatoes, onions, flower bulbs, and other crops. Crafted with precision and expertise, this New machine ensures reliable performance and user-friendly operation. the Miedema Dewulf MB34 Box filler delivers homogeneous filling, maintaining product integrity while maximizing throughput. Its arrester flaps guarantee product friendliness, while its low power consumption and Start-Control functionality enhance operational efficiency. Designed for ease of use, the Miedema Dewulf MB34 Box filler features a dust-proof control box .Its nodding filling belt and shifting mechanism ensure even ventilation within each box, minimizing drop height and maximizing product quality. From potatoes to onions and flower bulbs, the Miedema Dewulf MB34 Box filler delivers consistent and reliable box filling performance. Its robust construction and dependable operation ensure smooth operations, minimizing downtime and maximizing productivity. Upgrade your agricultural box filling operations with the Miedema Dewulf MB34 Box filler and experience unmatched efficiency and reliability.

Specifications

Make	Miedema
Condition	New

Features

- Van Der Graaf drum motor
- 1 belt speed
- Start-stop control
- Product sensors
- Forklift pockets
- Prepared for CANbus communication between box fillers
- Power outlet (5 A) on machine
- HMI operator panel
- Arrester flaps
