Description

Introducing our state-of-the-art Van Trier 10,5-80 Bulk truck loader, revolutionizing material handling processes with its advanced conveyor belt system. With a belt length of 10.5m and a width of 80cm, our loader boasts impressive capacity, reaching a maximum output height of 3.9 meters. Tailored for industries spanning logistics, transshipment, recycling, and cement, our Van Trier 10,5-80 Bulk truck loader is meticulously engineered to streamline operations and optimize efficiency. Its adaptable design facilitates the handling of diverse materials, from plastic granulate pellets to chemical powders. Built for longevity and resilience, our Van Trier 10,5-80 Bulk truck loader withstands corrosion and adheres to stringent safety standards, ensuring reliable performance in various environments. Elevate your material handling capabilities with our innovative Van Trier 10,5-80 Bulk truck loader – your key to efficient and high-capacity loading operations.

Specifications

Make	Van Trier
Condition	Used
Type of belt	Chevron
Plug	32A-5P
Height adjustment output	Electric-hydraulic

Features

- ✓ Van Der Graaf drum motor
- ✓ Variable belt speed
- ✓ Top cover
- ✓ Bottom cover
- ✓ Switch operation on top output
