Description

Introducing our innovative Van Trier 10,5-80 Bulk truck loader, engineered to redefine material handling efficiency. Featuring a robust conveyor belt system, our loader facilitates smooth loading of bulk materials into silo trucks or tanker trucks. With a belt length of 10.5m and a width of 80cm, our Van Trier 10,5-80 Bulk truck loader boasts impressive capacity, reaching a maximum output height of 3.9m. Designed to meet the demands of logistics, transshipment, recycling, and cement industries, our Van Trier 10,5-80 Bulk truck loader streamlines operations and maximizes productivity. Its versatile design enables seamless handling of various materials, from plastic granulate pellets to chemical powders. Built to last and compliant with stringent safety regulations, our Van Trier 10,5-80 Bulk truck loader ensures reliable performance in any setting, offering a superior solution for high-capacity loading operations.

Specifications

Make	Van Trier
Condition	Used
Type of belt	Chevron
Plug	32A-5P
Height adjustment output	Electric-hydraulic

Features

- Van Der Graaf drum motor
- Variable belt speed
- Top cover
- Bottom cover
- Switch operation on top output
