CITO SB-800 Receiving hopper

€27.850

Description

Discover the high-performance CITO SB-800 Receiving hopper, tailored for efficient bulk handling operations. Built in 2000 and maintained to perfection, this Used receiving hopper features an expansive floor width of 240cm and floor length of 4,5m. With 7 Smooth rollers, it expertly handles various agricultural materials with precision. Engineered for seamless material transfer from low supply points, it is compatible with conveyor belts, dual belts, or storage loaders, providing adaptable operational flexibility. The CITO SB-800 Receiving hopper enhances the bulk handling process from start to finish. Materials from the field are efficiently fed into the hopper, processed through a soil separating module to ensure comprehensive cleaning, thereby optimizing efficiency and minimizing waste. Suitable for a wide array of industries and applications, the CITO SB-800 Receiving hopper offers unmatched reliability, efficiency, and precision in every operation. Elevate your operations today with the high-performance CITO SB-800 Receiving hopper receiving hopper.

Specifications
