MIEDEMA

Miedema SB851 Receiving hopper

€23.500

Description

Miedema SB851 Receiving hopper is a versatile solution for efficient bulk handling operations. Built in 1997 and meticulously maintained to ensure peak performance, this Used receiving hopper boasts a generous floor width of 240cm and floor length of 3,5m. Equipped with 6 Smooth rollers, it is engineered to handle various agricultural materials with precision. Designed to facilitate the seamless transfer of materials from low supply points, it offers compatibility with conveyor belts, dual belts, or storage loaders, providing flexibility to suit different operational needs. The Miedema SB851 Receiving hopper simplifies the bulk handling process from start to finish. Products arriving from the field are efficiently unloaded into the hopper, where they are then processed through a soil separating module. This process ensures that the product is thoroughly cleaned, optimizing efficiency and minimizing waste. Ideal for a wide range of industries and applications, the Miedema SB851 Receiving hopper offers reliability, efficiency, and precision in every operation. Enhance your operations today with the reliable and high-performance Miedema SB851 Receiving hopper.

Specifications

Make	Miedema
Condition	Used
Type of rollers	Smooth rollers
Capacity Control Sensors	Yes
Presentation belt	Yes

Features

-  Variable belt speed
