# Van Trier OL6-65 Bottom unloading belt

€9.995

## Description

---

Optimize your agricultural workflow with the Van Trier OL6-65 Bottom unloading belt, a dependable bottom unloading belt system. Crafted in 2024, this New machine is designed for efficient handling of onion seeds, seed potatoes, and fertilizer, both on the field and in storage facilities. Featuring a belt length of 6m and a width of 65cm, the Van Trier OL6-65 Bottom unloading belt ensures rapid and accurate transfer from tipping trucks to agricultural machinery like potato planters, fertilizer spreaders, seed drills, and onion planters. With the Van Trier OL6-65 Bottom unloading belt, streamline your agricultural processes by facilitating quick and controlled material transfer, adapting seamlessly to various agricultural needs. The Van Trier OL6-65 Bottom unloading belt guarantees consistent performance, reducing downtime and enhancing efficiency in every task, whether on the field or in storage. Enhance Your Agricultural Efficiency: Boost your agricultural productivity with the versatile Van Trier OL6-65 Bottom unloading belt, designed for efficient and reliable handling of your agricultural materials.
