Description

Discover the high-performance Miedema MH241 Receiving hopper, tailored for efficient bulk handling operations. Built in 2025 and maintained to perfection, this Used receiving hopper features an expansive floor width of 5,6cm and floor length of 240m. With 8 Steel spiral rollers, it expertly handles various agricultural materials with precision. Engineered for seamless material transfer from low supply points, it is compatible with conveyor belts, dual belts, or storage loaders, providing adaptable operational flexibility. The Miedema MH241 Receiving hopper enhances the bulk handling process from start to finish. Materials from the field are efficiently fed into the hopper, processed through a soil separating module to ensure comprehensive cleaning, thereby optimizing efficiency and minimizing waste. Suitable for a wide array of industries and applications, the Miedema MH241 Receiving hopper offers unmatched reliability, efficiency, and precision in every operation. Elevate your operations today with the high-performance Miedema MH241 Receiving hopper receiving hopper.

Specifications

Make	Miedema
Condition	Used
Type of rollers	Steel spiral rollers

Features

- Smart-Pin
- MH-Control
- Output socket
- Retractable Smart-Pin
- Variable input board
- Electric gap adjustment cleaning unit
- Manual lift adjustment cleaning unit
- Frequency inverter
- Variable belt speed
