MIEDEMA

Miedema MH240-DVB Receiving hopper

€81.597

Description

The Miedema MH240-DVB Receiving hopper is a reliable and versatile solution for bulk handling needs. Constructed in 2025, this Used receiving hopper offers a wide floor width of 240cm and a generous floor length of 5.5m. It is equipped with 8 Steel spiral rollers to handle agricultural materials with high precision. Designed to make the transfer of materials from low supply points seamless, it works well with conveyor belts, dual belts, or storage loaders, adapting to various operational requirements. The Miedema MH240-DVB Receiving hopper simplifies the entire bulk handling process. Products from the field are unloaded into the hopper and processed through a soil separating module, ensuring they are thoroughly cleaned and minimizing waste. Ideal for a variety of industries and applications, the Miedema MH240-DVB Receiving hopper delivers consistent reliability, efficiency, and precision in every operation. Enhance your operations today with the reliable and efficient Miedema MH240-DVB Receiving hopper receiving hopper.

Specifications

Make	Miedema
Condition	Used
Type of rollers	Steel spiral rollers

Features

- ✓ Variable belt speed
- ✓ Electric gap and electric lift adjustment cleaning unit
- ✓ Smart-Pin
- ✓ MH-Control
- ✓ Double rubber flap
- ✓ Variable speed intermediate belt
- ✓ Start-stop control
- ✓ Frequency inverter
- ✓ Retractable tow bar
- ✓ Belt narrower flat conveyor
