Miedema SB151 Dosing bunker

€12.220

Description

Discover the efficiency of the Miedema SB151 Dosing bunker, a heavy-duty receiving hopper designed to streamline bulk material intake across diverse industries. Built with robust construction, it accommodates a wide array of bulk products, making it a vital asset for transshipment, recycling, and agribulk terminals such as grain storage facilities. Capable of handling materials like grain, coffee beans, cocoa beans, wood pellets, sand, gravel, and soil, this hopper is essential for processing and storage systems. Tailored for truck unloading, the Miedema SB151 Dosing bunker also facilitates material transfer via wheel loaders or cranes. With a floor length of 4m and a width of 120cm, it offers a substantial capacity of approximately 60TPH. Featuring a cross conveyor at the end, it enables flexible material discharge to the left or right, seamlessly integrating with conveyor or shiploader systems. Maximize your material handling efficiency with the Miedema SB151 Dosing bunker today!

Specifications

Make	Van Trier
Condition	Used
Plug	32A-5P
Dosing gate	No
Capacity control	No

Features

- ✓ Variable belt speed
- ✓ Frequency inverter
- ✓ Start-stop control
