MIEDEMA

MH241-2U Receiving hopper

€104.894

PHOTOS COMING SOON

 **VAN TRIER**

Description

The MH241-2U Receiving hopper is a reliable and versatile solution for bulk handling needs. Constructed in 2026, this New receiving hopper offers a wide floor width of 5.1cm and a generous floor length of 240m. It is equipped with 15 {{ ATTRIBUTE_TYPE_OF_ROLLERS }} to handle agricultural materials with high precision. Designed to make the transfer of materials from low supply points seamless, it works well with conveyor belts, dual belts, or storage loaders, adapting to various operational requirements. The MH241-2U Receiving hopper simplifies the entire bulk handling process. Products from the field are unloaded into the hopper and processed through a soil separating module, ensuring they are thoroughly cleaned and minimizing waste. Ideal for a variety of industries and applications, the MH241-2U Receiving hopper delivers consistent reliability, efficiency, and precision in every operation. Enhance your operations today with the reliable and efficient MH241-2U Receiving hopper receiving hopper.
