Description

Introducing the Van Trier OL6-65 Bottom unloading belt: a precision-engineered bottom unloading belt system for agriculture, crafted in 2026. This New machine excels in the efficient handling of onion seeds, seed potatoes, and fertilizer, suitable for both field and shed use. Boasting a belt length of 6m and a width of 65cm, the Van Trier OL6-65 Bottom unloading belt guarantees swift and precise transfer from tipping trucks to a variety of agricultural machinery, including potato planters and seed drills. The Van Trier OL6-65 Bottom unloading belt revolutionizes agricultural handling, ensuring rapid and controlled material transfer tailored to diverse agricultural requirements. Count on the Van Trier OL6-65 Bottom unloading belt for consistent performance, reducing downtime and boosting efficiency in every aspect of your agricultural operations. Elevate your agricultural efficiency with the Van Trier OL6-65 Bottom unloading belt, a versatile and reliable solution for the effective handling of your essential agricultural materials.

Specifications

Make	Van Trier
Condition	New
Height adjustment output	Hydraulic

Features

- ✔ Controls on both sides
