Description

Discover the cutting-edge features of our Van Trier 10,5-80 Bulk truck loader, setting a new standard in material handling technology. Equipped with a robust conveyor belt system, our loader facilitates seamless loading of bulk materials into silo trucks or tanker trucks. With a belt length of 10.5m and a width of 80cm, our Van Trier 10,5-80 Bulk truck loader delivers exceptional capacity, achieving a maximum output height of 3.9m. Tailored to meet the needs of logistics, transshipment, recycling, and cement industries, our Van Trier 10,5-80 Bulk truck loader is designed to optimize operations and enhance productivity. Its versatile design accommodates a wide range of materials, from plastic granulate pellets to chemical powders. Built for durability and compliance with safety standards, our Van Trier 10,5-80 Bulk truck loader ensures reliable performance in any environment, offering peace of mind for material handling operations.

Specifications

Make	Van Trier
Condition	Used
Type of belt	Chevron
Plug	32A-5P
Height adjustment output	Electric-hydraulic

Features

- Van Der Graaf drum motor
- Variable belt speed
- Bottom cover
- Top cover
- Switch operation on top output
- Cable hook
- Forklift sleeves
- Retractable tow bar
- Flexible output
- Frequency inverter
